This is a vibrant and engaging volume packed with helpful information, insights, anecdotes, stories, and fascinating nuggets that illuminate the mysteries of everyday life in Spain. With Mr. Garlic as a guide, readers will learn about

everything from Saint's days to sausages and from Galicia to the Guardia Civil, from the important laws of Spanish bureaucracy to the time of day you should never do business. This is an essential volume for anyone travelling in or moving to Spain - as well as anyone with a simple passion for this fantastic country, its people, and its customs.
