**Robin Whiteman : In The North of England The Yorkshire Moors and Dales** before purchasing it in order to gage whether or not it would be worth my time, and all praised In The North of England The Yorkshire Moors and Dales:

1 of 1 people found the following review helpful. A great trip planning guideBy mikey d.A great trip planning guide !I read this book as well as James Herriot's Yorkshire for planning a two week trip there in October 2015. By using the great overview maps in each book it soon all became clear which destinations are worth seeking out. I really enjoyed the writing and photographs from the two persons who clearly love this area. As a landscape photographer I could hardly say more....you could use this as a beautiful coffee table conversation piece (as we used to say 40 years ago), or you could simply learn and enjoy the inherent charm within. My take is that a little English history overview would be a nice compliment to this book, if you plan to go to this lovely area..The writing and photos are very high quality; good work, lads.1 of 1 people found the following review helpful. In the North of EnglandBy C. T. ThompsonI have owned this book for years. It is a lovely book, with well-written text and beautiful illustrations. I sometimes "read" only the illustrations, to bring back to mind sights I enjoyed.
