Peter Hobday : In the Valley of the Fireflies: Englishman in Umbria before purchasing it in order to gage whether or not it would be worth my time, and all praised In the Valley of the Fireflies: Englishman in Umbria:

An account of the author's love affair with Umbria and his discovery of the place and the people, based on his experience of buying and doing up a house there.

From AudioFileSince the author is a well-known BBC broadcaster, he's the natural choice to narrate his own account of renovating a farmhouse in Italy. Although he can't compete with Peter Mayle, author of A YEAR IN PROVENCE, as a writer, Peter Hobday gives an appealing description of rustic life in Umbria, especially meal after delectable meal (with a sampling of recipes). He's so besotted with Umbria that his voice takes on a glow as he reads. With a recording like this available, forget about the printed book. J.C. (c)AudioFile, Portland, Maine
