Glancing at a few pages inside changed my mind. It's not enough to just speak English, it's more complicated than that. It pays to study the use of Irish English, as well as culture, before

traveling there. People are the same the world over; courtesy and respect plus an effort to learn their ways are appreciated. They often use English in ways we do not. Otherwise you may live up to the stereotype of the intrusive and obnoxious American traveler!3 of 3 people found the following review helpful. well-written and enjoyableBy HeatherThis little book is an enjoyable and quick guide to traveling in Ireland. It is well-written and touches briefly on most every subject you will come across. Use it as a starting point to get you excited about your trip.1 of 1 people found the following review helpful. good bookBy James Cruel liked this book.
