From Brand: Bonechi : Istanbul before purchasing it in order to gage whether or not it would be worth my time, and all praised Istanbul:

0 of 0 people found the following review helpful. is good - content of book excellent - but physical quality of book was poorBy edward jonesThe book content is excellent. But, the quality of the physical book itself when received was extremely poor - the cover is almost completely off and the first page does not align with the rest of the book. We will try to "glue" the cover on such that we can read the book without causing more damage to it.... The delivery and cost were exactly as expected - thanks...
