A new look at an old placeBy Januari M WorksJohn Nettles is obviously quite an historian. this book is informative and paints quite a picture of a very colorful people with a lot of ripping stories to tell and a lot of history that touched lives in Great Britain and abroad. I enjoyed watching Nettles as an actor who carried Midsomer Murder through, what? 21 seasons! With his attention to detail and enticing phraseology, he solved every single murder in that fictional, but dangerous place! He writes just like he acts.....worth the read.0 of 0 people found the following review helpful. A great readBy Sue MoranA wonderful history of Jersey.
