**Dodo Kresse : Journey Through Vienna (Journey Through series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Journey Through Vienna (Journey Through series):

0 of 0 people found the following review helpful. Five StarsBy Michael P OsnatoJust what I wanted thanks0 of 0 people found the following review helpful. Five StarsBy CustomerVery educational!1 of 1 people found the following review helpful. The book is a good overview of ViennaBy CustomerThe book is a good overview of Vienna. It has a wide variety of photos, including buildings, people, and food.The photos range in size from 4 photos to a page up to 1 photo that spans across 2 pages. The photo quality is above average. Each photo has a description of a few sentences. Overall the book is about 75% photos and about 25% text.Having seen a number of photo books about Vienna, this is definitely one of the better ones.

Vivacious elegance, traditional congeniality, innumerable museums of world-wide fame, and architectural styles from Gothic and Jugendstil to contemporary buildings—all of these elements are presented in this guide, showcasing

Vienna as a world-famous metropolis on the Danube. The music and art of the Viennese way of life are explored, as well as the informal conjunction of history and the present—for example, St. Stephen's Cathedral being reflected in the modern glass facade of the Haas House. The city's many endearing special features are depicted, such as the traditional coffee houses and the unique Spanish Riding School, making Vienna an unforgettable experience. Additional features review the famous Viennese waltz and the institution of the Eastern-Austrian wine tavern.
