Not very excitingBy TravellerNothing in the guide enticed me to really want to visit Austria; too much information that was not particularly helpful and not enough information about places to visit. I think it is basically a lodging guide.1 of 1 people found the following review helpful. Traveling to AustriaBy RICHARDI found that the maps were confusing in the Austria guide. I have used the KB guides in the past for France and found them wonderful.There are no hotels or places of interest mentioned if you are travelingSouth to North in the center of the country and choose to not to go to Vienna. Salzburg and the surrounding area is well covered.

Austrian's warmth of welcome and their love of preserving the best of their heritage produces a wonderful travel experience. Many visitors see only Vienna, Salzburg and Innsbruck, all wonderful cities but this exquisite small

country has much more to offer. This guide provides you with information on attractions both on and off the beaten track. Live like royalty in a hilltop castle, relax on the shores of the emerald-green Weissensee, ride a marvelous narrow-gauge train, slip into an ancient salt mine on a wooden slide, ski world-class slopes or wander over well-marked trails into hidden hamlets.
