Stock full of itineraries and places to see and do it is a book any traveler cannot do without. My only complaint was the hotels and Inns. There just wasn't enough to pick from. 1 of 1 people found the following review helpful. The best book for finding great places to stay in Scotland By Richard A Ambrose I carefully read over all the books for going to Scotland when I went on my honeymoon. This book is the most reliable one for choosing a place to stay. All the places I stayed at that this book suggested were great - something that can not be said for some of the other places I stayed.
