I think she or her publishers are getting tired as this one reads as if it were phoned in. No pictures, only uninspired line drawings, the same ol', same ol' text that the last several of these books has. So utter without inspiration I found myself not wanting to go to Italy. Rubbish. I found some better books and am now re-inspired.0 of 0 people found the following review helpful. Five StarsBy Frances C. KerrGreat travel book.0 of 0 people found the following review helpful. One StarBy Matt S.This book was useless. I am not a fan of Karen Brown.
