I have found every hotel review to be accurate. The authors also give great ideas for side trips and useful maps. You can plan your whole vacation using these books.If you want to find charming smaller hotels in Europe this books is your best bet. If you prefer a larger American Style hotel or resort this is not the book for you.1 of 1 people found the following review helpful. A Must For Discriminating Travelers...By darbillKaren Brown is right on with her recommendations...besides her books being informative correct, they are beautiful. The painting on the cover depicts the area around Regensberg where you will find the Rote-Rose...the most interesting, beautiful, comfortable place we have had the pleasure of staying. The best travel guide we have discovered when seeking serene, perfect accommodations anywhere.

Switzerland is a country of incredible beauty with rugged mountain peaks, luscious green meadows, dramatic rivers

and sparkling blue lakes. The picturesque villages contain toy-like churches and quaint chalets and almost every turn in the road offers fabulous postcard vistas. This delightful guide provides you with incredible scenic itineraries that will lead you to the most enchanting hotels. Travellers have trusted Karen Brown's guides for 20 years for their warm, engaging and up to date reviews of the finest inns and small hotels in Europe and California. Only the most charming places to stay make it onto the pages of these guides - no inn can buy its way in, and those not maintaining their standards every year are dropped. These guides are so reliable that travellers have come to plan their whole holidays around Karen Brown's recommendations.

About the Author Karen Brown began researching, writing and publishing her first two titles whilst travelling in France and Britain at the age of nineteen. Karen enlisted the aid of her mother, Clare Brown, a former travel agent (whose experience proved invaluable) and followed up with books on Italy, Switzerland, Austria, Spain, Ireland and Germany. June Brown, an English woman, no relation, was recruited to the staff. This talented Karen Brown trio are solely responsible for the research, writing and production of these guides and personally visit every inn that is included. The company is therefore intentionally intimate in size, which helps to maintain the quality and consistency of recommendation.
