However, the English speaker takes up too much time telling you what you're going to hear next. As in "next you'll learn how to request a table on the terrace, blah blah." The Living Language CD's are superior: they just say the phrase in each language without the long prelude.

If you already have the basics and want to learn more Portuguese, this advanced beginner audio course will boost your confidence to understand and speak Portuguese. Practise the most frequent words and expressions for: -getting to know people-booking a restaurant table-eating out-shopping for food-solving problems-catching a train-going out for the evening-asking for directions-being ill-shopping for clothes and shoes. You'll progress in your understanding by working out language patterns for yourself, personalize your Portuguese with interactive role-plays and perfect your pronunciation to sound more natural. This advanced beginner Portuguese course contains an MP3 CD. You can download the audio files on this disc from your computer to your MP3 player or play it in an MP3 CD player. Also included is a handy phrasebook and a PDF coursebook for reading and writing practice.
