(Kids' Travel Guides) (Volume 8) before purchasing it in order to gage whether or not it would be worth my time, and all praised Kids' Travel Guide - Italy Rome: Kids enjoy the best of Italy and the most exciting sights in Rome with fascinating facts, fun activities, quizzes, ... Leonardo! (Kids' Travel Guides) (Volume 8):

3 of 3 people found the following review helpful. Fun way for a child to learn about ItalyBy Ashley ParkerWe are traveling to Italy this summer so this book is a fun, interactive way for my daughter to learn about what she will be

seeing. There are short answer, fill in the blank and coloring activities. It offers details about Italy and Rome. It doesn't have a lot of city information outside of Rome. I would like to see a bit more, but for my purposes what it offers is enough. My daughter is almost 8 years old. 6 of 6 people found the following review helpful. Very good resource if you're preparing for an overseas trip. Pictures, activities and questions throughout. Good quality. I bought these thinking it would be good for my 12 yo son. It was little below him though. We will still use, but would recommend for up to 10 yo. 4 of 4 people found the following review helpful. Nice. By Naveed Ahmed The book is interesting, but I felt that rest of the Italy is not covered in as much detail. I would have preferred to have a couple of pages dedicated to each city, e.g. two pages for Florence, two for Venice etc. rather than an overall view of Italy. The guide for Rome is done really well.

I am very impressed with this series of books and think they are perfect for my 10 and 8 year old sons. It really covers the basics like language, money, food and culture then goes into detail about the main tourist sites we are going to visit. I love that it is interactive so the kids have to fill in pages, and there are challenges like find a statue and take a photo with it. The book is really going to help them learn about the culture and places they are visiting. -lat1970 We d been to Italy before, but our young son hadn t. We wanted him to fall in love with the country as much as we did ... Thanks to this book he already loved the idea of Italy before we even arrived. Completing the pre-travel activities helped him to understand more about the trip AND kept him quiet giving us space to pack! Throughout our holiday the book was never far away, and he soaked up the information like a sponge. Not only did it give him lots of fun on vacation, but also taught him many things. Good job! -Em Davies Great Travel Guide! Received this guide as a gift and we were pleasantly impressed by it's attention to detail and colorful design. Although created for kids... I have to tell you as a grown up I was quite amazed by the destination interest points. I love the QA for the kids and tips for us parents! An absolute fun piece to have and cherish for any trip for your family and your kids!! --csGreat resource for kids and their families traveling to Italy and Rome. The book is fun but really teaches kids a lot about the history, geography, and culture--including gladiators, popular sports today, famous art, and food. Covers the best sites for kids in Rome, including places especially for kids. Engages kids by giving them fun tasks and challenges to complete at each site--and includes games the whole family can enjoy. --Reader Susan About the Author Sometimes family vacations can be tricky ... You can plan plenty of activities for the kids, but all they want to do is to stay in the hotel room and watch TV... - You drive hours and hours to a famous attraction and when you get there you find out that the kids are only interested in their mobile devices... When you return home you realize that the kids don't remember much about the new places you were visiting. Well... maybe it never happens in your family... but in case it does – don't worry! you are not alone... Especially for kids! Interactive travel guides tell your kids everything they need to know about the country or city you plan to visit. From planning and packing to returning home with a record of great family memories. Especially for parents! A complete site for the traveling family. Learn how to best plan your next vacation with your kids, get ideas for entertaining kids during long drives, and benefit from great tips and parent forums: www.theflyingkids.com *Get special offers and PROMO CODES in our website: www.theflyingkids.com* FlyingKids makes your family travel more fun, enriching, and unforgettable.
