

book / activity book with very little travel information that is of interest to kids older than 6 or 7. Cover really basic information like the color of Spain's flag is red and yellow - so color it on the next page. My 10 year old flipped through it for 2 minutes and threw it to the side and never looked at again. 7 of 8 people found the following review helpful. Great book for kids! By Customer The whole family loved this book, especially the kids (7 and 10)! We plan a family vacation in Spain and this book looks fun and interesting. We purchased the digital version, and we're going to purchase the printed book so the kids can solve the puzzles and use the diary at the end of the book. The language section is also really handy for everyone! What a great idea and a perfect present.
