Guides):

0 of 0 people found the following review helpful. Fun UK By Orit Lepek There is bit of everything related to the UK in this book. I would say it's best for 8-11 year old. Kids can learn about the four countries of the UK, how it looks like (Geography), how people buy there (currency), transportation, English special food and special English expression (SO FUN) and of course, about the royal family. The content is provided in small chunks so the kids enjoy reading it. It's a great way to learn about the UK while having fun. 0 of 0 people found the following review helpful. Good for younger kids. By BooHB Best for younger kids - ages 6 -8 or so. 5 of 5 people found the following review helpful. Excellent travel guide for children. By OahuMom My kids are very into the United Kingdom (home of Harry Potter, the Beatles, Sherlock, and Dr. Who) and we're thrilled when I got this activity book as part of a promo. It is so fun and informative! It is a full color booklet with beautiful editing and graphics. The activities are VERY engaging with word searches, fun facts, and travel tips. I would have adored having a book like this when I was traveling as a child. My kids are totally planning out a trip to the UK soon and are reading up on all of the great sites they can visit.

Edinburgh, Cardiff, Belfast, London ... Whichever city or part of The United Kingdom your family plans to visit, make sure you have the Kids' Travel Guide - United Kingdom. A unique travel guide and activity book in one, it's the fun way to discover Great Britain! Now available for e-book readers too! Kids' Travel Guide - The United Kingdom is an interactive travel book that includes quizzes, tasks, coloring pages, a travel diary, and much more. While the print edition provides the most complete experience, you can now combine it with the e-book to engage kids fully. Take advantage of this special offer: Download the e-book FREE with the purchase of the print edition! All about Great Britain, especially for kids - Geography, flags and symbols, and fascinating history, as well as culture, food, and even unusual expressions and superstitions. Fun, educational, and engaging—Leonardo, your kids' tour guide, will take them on a journey through The United Kingdom and keep them interested with fun facts, "juicy information," quizzes, special tasks, coloring pages, and their own travel diary. A bonus for parents—As a parent, you are invited to participate in your children's activities or to find an available bench and relax while your kids learn and enjoy. A personal book that becomes your children's souvenir of the trip—When you return home, the guidebook and diary will become a memoir of your vacation that the whole family can treasure for a lifetime. More fun adventures—The Kids' Travel Guide series includes many more destinations: France, Paris, Spain, Italy, Rome, Thailand, Bangkok, London, United States, San Francisco, Los Angeles, San Diego, New York City, and more. Choose from country guides or city guides—or get both in one combined edition. Go to the FlyingKids website ([theflyingkids.com](http://theflyingkids.com)) to get your 40% Off PROMO CODE—plus a free copy of "Traveling Together — The All-Inclusive Guide to Traveling and Vacationing with Children." >> FlyingKids makes your family travel more fun, enriching, and unforgettable

My kids are totally planning out a trip to the UK soon and are reading up on all of the great sites they can visit. --By OahuMom on July 24, 2016 Having a strong love for all things British, I wanted to teach my child the same. I came across this kids travel guide of the United Kingdom. First, this is comprehensive of the United Kingdom so it covers the major cities, England, Scotland, Wales, Northern Ireland and information related to these areas. It covers maps, customs, language, food, money, brief histories. It has a quiz at the end. It covers in a broad sense, all the main information for a child to know when visiting or learning about this geographical area. It is colorful and easy to read and has activities on almost every page which will engage the learner. I am having fun going through it with my child. --By slon on October 30, 2016 I ordered this book because my daughter loves learning about the U.K. This is a really cool book. It is really for some one who is going to be visiting the U.K. It has tips on what to pack for your trip. A little check list of what not to forgot to take with you. It also asks what you would like to see there. It is a question and answer book. She really likes it. We are not going there any time soon, but it has inspired her to google things about the U.K. that she did not know. This is a great learning experience for her. I would recommend this book whether you are going to to visiting there or not. It would give the kids something to think about and help them to learn. It is very well made. I like how the front and back covers are made of durable cardboard. This book will be around for a long time. She is having so much fun filling in the blanks and finding out things that she never thought of. --By anna brewer on September 15, 2016 About the Author The interactive Kids Travel Guides series tell your kids everything they need to know about the country or city you plan to visit.
