Knopf Guides : Knopf Guide: England and Wales (Knopf Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Knopf Guide: England and Wales (Knopf Guides):

1 of 1 people found the following review helpful. Beautiful bookBy Thomson SmillieThe most beautiful, scholarly and helpful guides, some, alas hard to get; delivered promptly in pristine condition by Fire Mountain Studies/0 of 0 people found the following review helpful. the one book to learn about a placeBy corpfoolthe one book to bring on your trip OR if you can't go but want to know more about the place6 of 13 people found the following review helpful. Big Waste of MoneyBy D. LickfeldtI purchased this book for our pending tour of the UK. This is by far the worst travel guide I have ever purchased. There is very little practical information. The photos and maps need a magnifying glass in order to read. Lastly, the authors seem to think the information that interests tourists the most is the degree of environmental problems in the UK and the locations of the best gay bars. Not a guide for your average tourist. Better choices are "The Rough Guide to Wales" and "The Eyewitness Travel Guides".

This glorious guide to England and Wales explores two of the most beautiful and culturally exciting areas of the world. England's rich history of Romans, Vikings, Normans, Plantagenets, Tudors and Stuarts among others left a breathtaking and vast legacy of churches, castles, forts and towns. Stunning architectural drawings reveal the many styles from Norman, Gothic, English Baroque to Georgian and Victorian. Wales' many castles and abbeys interspersed throughout the heavily mountainous country are also stunning sights to be seen. Detailed itineraries take the reader around the great castles, gardens and natural sights of Wales from the capital of Cardiff with its famous National Museum and Gallery and the castle at the city's very center to Gwynedd, site of the spectacular 13th century Caernarfon Castle and the dream village of Portmerion; or to Powys where the Powis castle, one of the grandest residences dating from the 13th century, can be found, to the majestic, snow capped peaks of Snowdonia National Park, the second largest park in England and Wales; there are also many abbeys to explore including Tintern in Monmouthshire, celebrated by poet William Wordsworth. The countless sites to see in England range from the stunning Georgian city of Bath on Somerset to Blenheim palace in Oxfordshire or to the Oriental fantasy of the Royal pavilion at Brighton in Sussex; Hadrian's Wall dating from AD 122 in Northumberland to the spectacular Palladian Holkham Hall in Norfolk designed by William Kent to the natural beauty of the Lake District in Cumbria, home to Beatrix Potter, Wordsworth and Coleridge; to Wiltshire to the grand 16th century house, garden and safari park of Longleat, the medieval Gothic Salisbury Cathedral, the celebrated prehistoric Stonehenge Monument and the 18th century garden of Stourhead. Stratford-upon-Avon and all the sights of London are among the thousands of places covered by dozens of itineraries. Portable, practical and lavishly illustrated, the guide also includes information on getting around England and Wales, finding the best restaurants, nightlife and cultural spots. And as always, there is a section on the region as seen by artists and writers.

From the Inside FlapThis glorious guide to England and Wales explores two of the most beautiful and culturally exciting areas of the world. England's rich history of Romans, Vikings, Normans, Plantagenets, Tudors and Stuarts among others left a breathtaking and vast legacy of churches, castles, forts and towns. Stunning architectural drawings reveal the many styles from Norman, Gothic, English Baroque to Georgian and Victorian.
