**Knopf Guides : Knopf Guide: St. Petersburg** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Knopf Guide: St. Petersburg:

11 of 11 people found the following review helpful. Wonderful to have along  
By A Customer  
This guide was invaluable to us on our regrettably short tour of St. Petersburg. We would read it before touring for background and descriptions of the places we visited. The book is worth having for detailed illustrations of the layout of the Hermitage, Peterhof, Pushkin Palace, Yusupov Palace... It is a portable guide even with the color illustrations (i.e. not heavy). Comes with its own bookmark, too! Highly recommended!

Excellent Guide  
By Rodney Pearlman  
We have looked at several books on our two visits to St. Petersburg, and the Knopf is by far the best. It has superb illustrations and thorough descriptions as well as sample tours. It also has excellent historical and political information to set the City in context.

Completely revised and updated

From Library Journal  
Visually appealing with high-quality content to match, this arts-oriented guide grounds the reader firmly in the cultural milieu before getting into sightseeing. Includes itineraries for city travel by boat, subway, or tram and a thematic list of museums.
