Globetrotter : Krakow and Poland Travel Map (Globetrotter Travel Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised Krakow and Poland Travel Map (Globetrotter Travel Map):

4 of 4 people found the following review helpful. Krakow map reviewBy BlackhawkxfanGood map as far as detail is concerned but too large. Was looking for something smaller and more manageable without all the folding. In the case of Warsaw and krakow portions, my hotel is not even in the printed area of the map. Definitely prefer Streetwise style better.

Suitable for tourists who are new to Krakow and Poland, this title includes town plans of the major centres that pinpoint key buildings and places of interest as well as where to stay. It features distance and climate charts.
