**BrownTrout Publishers Inc : La Provence 2012 Square 12X12 Wall Calendar** before purchasing it in order to gauge whether or not it would be worth my time, and all praised La Provence 2012 Square 12X12 Wall Calendar:

0 of 0 people found the following review helpful. FairBy JI think for the beautiful region of Provence you can do better with pictures, I like the current one, but I expected more pictures about nature, vineyards, and historical places. some of the pictures are excellent in quality and pixels, while others are with a lower quality. 0 of 1 people found the following review helpful. UselessBy FrankNot much point in writing a review for a 2012 calendar in February 2012, but maybe the seller will see it, and improve the product description for 2013... This is an honest-to-gosh European calendar, meaning that it was made by and for Europeans. Europeans, it turns out, have a funny habit of putting Sat and Sun next to each other, rather than on opposite sides of the week, like we do here in the Good Ole U S of A. Which means that all the days of the month are not where you're expecting them to be, and also don't match your friends calendar, your Google calendar, and so on. Would have been super-awesome if this "feature" was mentioned in the description. Otherwise, it's a decent quality calendar with nice pictures.

Provence Wall Calendar: Once an ancient Roman province, La Provence rests serenely between the Alps and the Mediterranean Sea. It is a land of lavender, sunflowers, sun-drenched markets, Roman architecture, seaside villages, and cobblestone streets. It charmed the likes of Cézanne, Van Gogh, and Chagall. Les provençals speak a most musical French that reflects their relaxed way of life, and that the rest of France finds irresistible. This wall calendar

captures the everlasting allure of La Provence.
