More than a cook book, its an adventure in Scottish life and cuisineBy John McElrathThis is a wonderful cookbook that should be in every cook book collectors shelf. We have used this cookbook as a staple for our annual holiday gatherings for over 20 years and seldom do we think about our trip to Kinloch Lodge without also thinking about the old associated with our trip. This cook book is more than just typical recipes but includes the history, producers and hotels/restaurants where you can sample the food. The photography by John Ferro Sims is a wonder to view throughout the book.. The Casserole of Venison with Prunes and Pickled Walnuts is exceptional as is the Smoked Salmon Terrine with Dill and Cucumber Dressing. And the Ginger Carrot Cake Squares is a tasty twist on the standard carrot cake.14 of 14 people found the following review helpful.

Absolutely delicious, sumptuous reading
By A Customer
This is a true rarity - a book by an Englishwoman about Scottish food filled with beautiful images, excellent recipes, factual and fun-to-read descriptions and affectionate, forthright characterizations. You will know the author's tastes and talents in no time and appreciate the quality of food available in Scotland today. I read it cover to cover at one sitting after intending a quick leaf-through.

Lady Macdonald lives in an isolated white house set on a sea loch in the south of the Isle of Skye. Her home, Kinloch Lodge, is also a small hotel, which she runs with her husband, Godfrey, eighth Lord Macdonald, High Chief of Clan Donald. The Macdonalds have been running the hotel for many years, during which they have built up a reputation for a warm and welcoming atmosphere and excellent, seasonally inspired food. In this work, Lady Macdonald takes the reader to ten of the best hotels and restaurants in Scotland, shares 60 of her favourite recipes, and introduces some of the people who are helping to sustain and broaden the Scottish culinary tradition. Among the many firms and individuals supplying hotels such as her own with the freshest and choicest produce, the reader meets whisky distillers, fish smokers, game dealers, cheese makers, and vegetable, fruit, and herb growers, including enterprising newcomers who are producing food organically. Lady Macdonald's recipes range from pheasant casserole and spiced pork with apricots to fudge crumble and hazlenut meringue, illustrating how Scotland has undergone a gastronomic revolution.

About the Author
Lady Claire Macdonald is married to Lord Macdonald, High Chief of Clan Macdonald and is the author of several cookbooks.
