Perfect Gift!By kiyakkrAs a girl who was raised in this area and whose parents lived in Lake Geneva this area has special meaning to our family. As with many families who created their most precious memories here as well. Lake Geneva, the Lake,the town, and the area surrounding - have a very magical way of never leaving your mind when you need a daydream! This book covers all those dreams in pictures at the most beautiful times of the year! As a professional photographer, I couldn't have taken better pictures myself. The perfect coffee table book for the winter time in the burbs, or a gift for those who have made their lives outside of Wisconsin. Few books have been published on this beautiful area. This is a must have!0 of 0 people found the following review helpful. She loved it.By Steven K. MeierGave as a gifts to my daughter who has a house on Lake Geneva. She loved it.
