Imported from Italy, this folded laminated map of Turin offers local geographical information, the most reliable kind. Compact enough to fit inside a jacket pocket, this full color map has neighborhoods, places of interest and metro lines represented directly on the main map. Scale 1:10,000. The reverse side features a map of the Historic City Center at a more detailed scale with color photos. Also included are color snapshots of the Top Ten places to see with a brief history of each in English and other languages. Side B also features an index of street names for finding places on the main map. 50 x 70 cm. Thinking of using your smartphone to find your way overseas? Just note that smartphone data plans for travelers do not necessarily provide the amount of data needed to power a map app. It's best to have a paper map as a back-up.
