Lozz Editori : Laminated Milan Metro Map / Metro Map Milano in English (English and Italian Edition)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Laminated Milan Metro Map / Metro Map Milano in English (English and Italian Edition):

Authoritative walking plan of Milan in a compact size. Small enough to fit in a jacket pocket, this tiny single-fold map is probably all you need for a short visit to Milan. On the front you have a diagram of the metro / underground system.

Inside, a pint-sized map of the city center shows places of interest with tiny 3-D sketches and traces the metro / underground routes in their respective colors. Stops are labeled by name. Street names are labeled directly on the map. On the back is a combined diagram of the metro / underground system and the urban and suburban railway system. A legend keys particular points on the diagram to the main map inside. The scale is suitable for walking, at about 1:7,000. This map is imported from Italy and features geographic information collected by local cartographers, the most authoritative data that there is, for under \$4. Perfect to top off your order and eligible for Super Saver Shipping.

About the Author Since 1935, Gruppo Lozzi Editori has published multilingual maps and guides of Rome. Their offerings now include a vast and diversified range of maps, map-guides, and guidebooks of Italian destinations and also a wide variety of educational and trade titles in hard cover and soft cover formats.
