**Andrew Beattie, Tim Pepper : Landmark Visitors Guide Krakow** before purchasing it in order to gage whether or not it would be worth my time, and all praised Landmark Visitors Guide Krakow:

This third edition of Landmark's guide to Kraków keeps abreast of the changes taking place in this popular city-

break destination. In addition to sightseeing tours the book includes full descriptions of the numerous art galleries and museums that can be found in this major centre of European culture. There are detailed maps and plans and many photographs, and an extensive FactFile section crammed with practical information, including accommodation and restaurant listings.

"If you've never used a Landmark Visitors Guide, you're in for a treat. These useful guides give more than a gazetteer-style list of things to see and do. They give background information on an area and its sights. The beautiful colour photographs add interest to the guide and give a taste of what's to come.... Full colour maps in each section show the attractions and the recommended driving routes. With a Landmark Visitors Guide in hand, you don't need to plan your trip. An expert has done it all for you."
