"If you've never used a Landmark Visitors Guide, you're in for a treat. These useful guides give more than a gazetteer-style list of things to see and do. They give background information on an area and its sights. The beautiful colour photographs add interest to the guide and give a taste of what's to come.... Full colour maps in each section show the attractions and the recommended driving routes. With a Landmark Visitors Guide in hand, you don't need to plan your trip. An expert has done it all for you."
