The best guide we could find for visiting Northern Sweden and NorwayBy MaryTOf the three books we bought for our trip to Northern Sweden and Norway in January to see the Aurora Borealis, this was the best. The others were more general and had very little information on this zone.0 of 0 people found the following review helpful. Good bookBy Elena Rojas GonzalezIt is a very comprehensive and detailed book. We will be very useful on our trip. We are happy with the guide.

Located within the Arctic Circles Lapland spans the outermost fringes of Scandinavia and is a booming arena for adventure holidays and activities.This Bradt guide covers places and activities in the remote outposts of Norway, Sweden and Finland, together with background information to help travelers understand the Lap cultures including the indigenous Sámi. Visitors on both short organized tours and those traveling independently are catered for; making this an all-round essential source book on everything the region has to offer.
