Scandinavia trip this Fall and had high hopes for this book to help me find out if there's much to see in these two countries. Though the table of contents in the free sample is enticing, the real contents of the book after I bought it are disappointing. It seems a compilation of information hastily clipped elsewhere and is nothing like the Rick Steves Europe travel books that I am used to reading. Not much information about the major sights to see, nor the practical information for a first time tourist, about the open hours, transportation, etc. Though it only costs three bucks, it's three bucks that I'll never see. 1 of 1 people found the following review helpful. Latvia is a historic and pretty coastal European country on the Baltic Sea that is bordered by Estonia, Lithuania, Russia and Belarus. The capital Riga is a World Heritage Site. Next door, Lithuania is also an emerging tourist destination in the era of low-cost flights in Europe. The country has beautiful rivers, lakes, forests and natural areas occupy large parts of the country.
