joke of a 'book.' By Roland This 'book' is a complete joke. It's essentially someone's translation of Wikipedia's page on Riga and Latvia. There are no maps, no useful information, and the section concerning Riga's architecture is half a paragraph in length. This is a self-published piece of nonsense, and upon arrival it was plain to see why no self-respecting book house would pick this up. What a joke.

Latvia is a coastal European country on the Baltic Sea bordered by Estonia, Lithuania, Russia and Belarus. The capital Riga is popular with tourists and is a World Heritage Site. The slogan of Latvia is “best enjoyed slowly”, and tourists are encouraged to see more than just Riga as Latvia's cultural heritage can be seen all over this lovely Baltic country.
