**Alex Kovalenko : Learn to Read Ukrainian in 5 Days** before purchasing it in order to gage whether or not it would be worth my time, and all praised Learn to Read Ukrainian in 5 Days:

Learning to read a language with a foreign alphabet can be an intimidating challenge. Even before you can start to

study the vocabulary and grammar, you must first decipher this strange new script. But learning a new alphabet does not have to be so difficult. Other language courses start by showing a table of the alphabet and then immediately proceed to dialogues and grammatical descriptions. This is not the ideal way to teach a foreign alphabet, and this approach causes many students to get frustrated and give up before they start. Instead of that approach, Learn to Read Ukrainian in 5 Days teaches each letter of the Ukrainian alphabet in a systematic way while providing enough practice along the way to ensure the student learns the entire alphabet. With this system you will be able to read the Ukrainian alphabet in only 5 days or less! In addition to the alphabet, this course teaches more than 150 real Ukrainian words that were carefully selected to be of maximum benefit to beginning language students. These are the words that you need right away. Order a copy of Learn to Read Ukrainian in 5 Days today and start to enjoy the Ukrainian language and culture in a way that only reading the language makes possible.
