**James Bentley : Life and Food in the Dordogne** before purchasing it in order to gage whether or not it would be worth my time, and all praised Life and Food in the Dordogne:

Discussing the life and food in Dordogne, this book says that it has cherished a tradition of fine cuisine that is famed

throughout France, and the region has produced a disproportionate number of France's finest chefs.

A magnificent series of not-quite cookbooks that lovingly document the connection of cooking with the land...
