Gary Sutherland : Life Cycle: A Bike Ride Round Scotland and Back to Childhood before purchasing it in order to gage whether or not it would be worth my time, and all praised Life Cycle: A Bike Ride Round Scotland and Back to Childhood:

His books are light on travel detail and minutae and heavy on Scottish culture and outlook on life.This book covers a bike trip around Scotland the author

takes with his brother. It's a very clever book idea and a nice easy read. I like his style and his topic...Enjoy...

A casual conversation between Gary Sutherland and his brother Stewart about going on a bike ride leads to an extraordinary trip in which they travel the length and breadth of Scotland, and this book documents their adventures. In order to recapture some of the magic of childhood years spent cycling around their home town of Hopeman on the Morayshire coast, the Sutherland brothers—older but none the wiser—set off from the back gate of the house they grew up in on a journey of a thousand miles. From the mountains of the Highlands to the traffic-snarled streets of Edinburgh and Glasgow, they ate up Scotland on two wheels and became boys again, pedaling for all they were worth on a road trip of a lifetime that brought pain and laughter in equal measure.

'Part travelogue, part buddy movie storyboard, Life Cycle celebrates the simple pleasures and sense of achievement to be had by travelling, seeing the world from a different perspective and all via self-generated pedal power' - Aberdeen Voice 'Gary Sutherland's writing is unswervingly honest, making it humorous, not just mildly amusing, but as funny as only real life can be ... delightful to read' - Scottish Field '[A] humorous and keenly observed account' - Scots Magazine 'A humorous and entertaining book which amounts to a portrait of present day Scotland' - Scotsman 'A humorous and entertaining book which amounts to a portrait of present day Scotland' - Scotsman About the Author Gary Sutherland has worked as an ice cream maker, candyfloss maker, shortbread maker, teacher, bookseller, sports journalist, and travel writer. He is the author of Great Balls of Fire and Hunting Grounds.
