**Henry Cloud, John Townsend : Limites (Spanish Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Limites (Spanish Edition):

310 of 320 people found the following review helpful. Great read, but lacking in certain areas By Eric Martin He makes some excellent points and this definitely influenced how I think about things. However, I disagree with him strongly in

one point and I feel that he skirted one important issue. Near the end of the book he gives an example where a child refuses to go to school and the mother realizes she "can't make the child go to school" but sets the boundary that the child will have to stay in his room if he doesn't go to school. The problem with that logic is, if you can't "make a child go to school" how can you "make a child stay in his room"? We can't make a child enjoy school or even pay attention to the teachers, these things take incentives and consequences, but parents do still need to hold onto the reins on certain issues. It is a delicate line, but I can and do "make" my children go to school. The other issue is one of an abusive marriage. He talks about putting up boundaries and leaving for the night if these boundaries are violated. This is always done for a short period of time and then the abused spouse returns home. There are situations where this is effective. But in a true abusive situation (physical or mental) it is playing with fire to leave and return over and over. The physical abuser can be deadly. A mental abuser will learn how to better manipulate her victim without his realizing that his boundaries have been violated and thereby twisting reality even further. Any abusive person is not to be trifled with, and without genuine repentance and clear signs of change one is foolish to continue to expose themselves to that risk regardless of history, children, or feelings. For all of his insight, I am shocked that this is not made more clear.

1 of 1 people found the following review helpful. Codependents - get this book! By HJCI've struggled with not drawing proper boundaries in the past and codependency. This book is really helpful, it's Biblically based and sound. It's really helped me to overcome the feelings of guilt I would have by not always being there for people that I perceived needed me.

5 of 5 people found the following review helpful. A Must-Read By 2peasparadise This book is truly life-changing! Biblical examples to back up how not to be a door mat but remain or strive to be a good follower of Jesus Christ. I could not put the book down. I also ordered copies for 2 friends and my daughter.

¿Está tu vida sin control? ¿siente que la gente te utiliza? ¿Le es difícil decir que no? ¿Está desilusionado con Dios por falta de respuesta a tus oraciones? Establecer límites claros es esencial para obtener un estilo de vida sano y balanceado. Un límite es un línea de propiedad personal que marca las cosas de las que somos responsables. En otras palabras, límites es lo que define quiénes somos, o quiénes no somos. Los límites afectan diferentes aspectos de nuestras vidas: Los límites físicos nos ayudan a determinar quién nos puede tocar y bajo qué circunstancia. Los límites mentales nos dan la libertad de tener ideas y opiniones propias. Los límites emocionales nos ayudan a tratar con nuestras propias emociones y a librarnos de las emociones dañinas y manipuladoras de otros. Los límites espirituales nos ayudan a distinguir entre la voluntad de Dios y la nuestra, y nos dan temor de Dios. Los doctores Henry Cloud y John Townsend ofrecen respuestas bíblicas a preguntas difíciles, a la vez que nos muestran cómo poner límites sanos con nuestros padres, nuestros cónyuges, nuestros hijos, nuestros amigos, nuestros compañeros de trabajo, y hasta con nosotros mismos.

.com In order to call themselves good Christians, many people have drawn overly flexible boundaries (unwilling to say no, always accommodating others' needs) or overly rigid boundaries (to the point of being righteous and judgmental). Psychologists and inspirational speakers Cloud and Townsend show readers how to set reasonable boundaries in order to follow the true path of Christianity. This book has become immensely popular, most likely because it makes personal boundaries easier to define and is filled with spiritual purpose. Some cautions: the format can be overly self-helpish for such a complex discussion and the authors at one point imply that judicious spankings may be an acceptable form of setting boundaries with children. However, many Christians will probably find themselves grateful for this biblical context of boundaries. --Gail Hudson Dr. Henry Cloud and Dr. John Townsend have great insights and practical wisdom into the God-given gift of boundaries. As they discuss how to take responsibility for and ownership of our lives, they give hope that we cannot just survive -- but thrive! --Josh McDowell, Author, Author and Speaker 'Boundaries define everything from football fields to nation-states, yet our culture has pretended it could violate boundaries in human relationships without serious consequences. Cloud and Townsend examine the damage caused by this flawed view and point the way back.' -- Cal Thomas, Author Dr. Henry Cloud and Dr. John Townsend have great insights and practical wisdom into the God-given gift of boundaries. As they discuss how to take responsibility for and ownership of our lives, they give hope that we cannot just survive -- but thrive! -- Josh McDowell, Author 'This book is going to provide a doorway of understanding and freedom for those of us who have allowed ourselves to be buried in the inability to say no. Thank you once again, Henry and John, for helping us toward freedom.' -- Rich Buhler, Author 'In this insightful and extremely helpful book, you will learn about a simple concept that can change your life: healthy boundaries. It's the ability to mark off your life in such a way that you multiply your love for others and minimize the problems you face. And it's waiting for you when you open this book I highly recommend.' -- John Trent, PhD, President 'I've heard a myriad of sermons on Christian servanthood that never discussed the value of saying 'NO!' in order to confront in love or to provide space to recharge the batteries. 'Boundaries' is the 'Untold Story' -- the other side of love and servanthood that we need so desperately but that we hear so little about.' -- Howard G. Hendricks, Chairman
