Great DK QualityBy Kindle CustomerDK always seems to be the forerunner with beautiful photo's to help you figure out what you don't want to miss on your trip. A little light in some of the history, so I didn't give 5 stars. A VERY useful guide!!1 of 1 people found the following review helpful. DK EYE WITNESS LISBONBy Michael E. LobbI have used DkEyeWitness travel books for years. They are the most informative travel books I have used.I would recommend these books for traveling abroad.2 of 4 people found the following review helpful. Very confusingBy P. G. FallonThe listing showed this to be a 2008 edition. When I went back to order a second copy, I could no longer find it - only an older version. After a few emails and some diligent and appreciated work on the part of , it turns out the edition I received is the old edition with simply a 2008 publication date and a new, updated edition will not be available until the first quarter of 2010. Unless you are leaving for Lisbon between now and the end of the year, you might want to wait.
