By Wendellene
This is a thin book that basically had a list of 100 short descriptions of things to do in Lisbon. It's just black and white type. No maps, pictures at all. This is formatted like that college paper where you make the borders really wide to stretch your paper out to the required number of pages because you haven't enough to say. Content is nothing different than other Lisbon guidebooks except for a total lack of details, pictures and poor resources for more information. In other words, lacking in the things you actually want in a guidebook. Get something else. Anything else. (The Lonely Planet pocket guide is a smaller format, so easy to take along and way more useful. Even an out of date Rick Steve's would be better.)

By Good man
That's a nice short travel guide for people planning to visit Lisbon. If you are planning a trip, it's good to have all the info at one place. I've read a few blogs, forums, tripadvisor... but then I realized I have a mess in my head. This guide helped me sort of summarize everything. Now I am thinking maybe I should get a print version, and to highlight the spots I will be actually visiting during my trip. In that way, I won't forget about them later.

By Customerwish
I had read Wendellene's review before I bought it. Some good ideas, but a simple pamphlet with no ADDRESSES, or maps or discussion of neighborhoods. A few have which bus route to take, not where to exit; or no metro stops, etc. Do not purchase!! A waste of money. I could write a guide about New York and tell you to visit Statue of Liberty, Central Park, Times Square, etc. Charles, Los Angeles

Congratulations! You've Found the Ultimate Guide to Lisbon Travel! You are super lucky to be going to Lisbon, and this guide will let you know all of the coolest things to do, see, and eat around the city. Why You Need 101 Coolest Things to Do in Lisbon
