1 of 1 people found the following review helpful. not so good By Picky Very disappointed in this and the one I ordered for Barcelona. An older edition of this product (for Dublin) included not just the detailed street map, but a numerous page text recommending sights to see, restaurants, museums and spots featuring live music. Detailed map of Madrid was fine, but the product lacked a several page booklet that was included as part of it on a listing of museums, historical spots, restaurants, list of bars and pubs featuring live music. I was very disappointed in this product especially because an older pop out map of Dublin had included such helpful info. 5 of 5 people found the following review helpful.
