Brigitte Forgeur : Living in Amsterdam before purchasing it in order to gauge whether or not it would be worth my time, and all praised Living in Amsterdam:

The essence of beautiful Amsterdam By Lupo Montegrigo To enter some of the most beautiful interiors of a city is a treat and this book has them all (?). City apartments, boats, gardens, country houses, museums... Photos are of best quality. A book to return to again and again to revel in the Dutch style, grand in a relaxed and human scale. Later titles in the series "Living in..." do not focus on interiors like this one (and the equally great "Living in Venice" by E Vendrenne) which is a shame in my opinion, because that's what makes them special. Instead you get a more ordinary set of tourist-pictures. 0 of 4 people found the following review helpful. Be on your guard! By Cecile Deken If you wish to order a new, unused, item, do not pay anything until you receive confirmation that the product you wish to order actually is brand new. Otherwise you may end up with an expensive, second hand object which you cannot return. Requests thereto are ignored.
