Junior League of London : Living in London: A practical guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Living in London: A practical guide:

0 of 0 people found the following review helpful. Informative
By pamspin I bought for friends moving to London. Info different from regular travel books. Proceeds go to charity.
0 of 0 people found the following review helpful. Four Stars
By Tina Mostrangeli Very well done with lots of useful information.
2 of 6 people found the following review helpful. Very good content, very BAD formatting
By RMV The book really has many tips on how to live london as a local and is filled with snippets that make reading even easier but unfortunately the Kindle formatting is very very broken. Many pages of what I assume are tables get totally scrambled which make the reader lose plenty of information.

If you or someone that you know is exploring the possibility of living in London, the Junior League on London's "Living in London, A Practical Guide" is an indispensable resource for you. It is a how-to guide designed to enable an individual or family to plan a move and settle into life in London. The wide range of information and guidance within the 11th edition of Living in London is meant to help new Londoners settle into the city and navigate their way through it, not only with information about transportation and how to get around, but also guidance on how to find childcare, schools or someone to hang your paintings and make your flat feel like home. The authors of this book are all volunteers within the Junior League of London, a UK-registered charity. All profits from the sale of Living in London are used to support our projects working towards eliminating poverty and its effects in London. Thank you for your support, we hope that you enjoy living in London as much as we do!
