It's just pretty pictures with very little useful information.I will never buy another Eyewiness guide again.3 of 3 people found the following review helpful. Another excellent guidebook from the leaders in travel books -- DK Eyewitness!By Jeffrey Matthew CohenI've been reading and collecting DK Eyewitness Guides for years (I have about 30 current editions). Aside from the fantastic photos and detailed diagrams, the text is very informative. These guidebooks combine rich style with substance. And their guidebook to the Loire Valley is no exception (I don't know what the other reviewer could have missed -- maybe she's never been to France!) Either way, I strongly suggest this item, as well other titles from DK!

Covers: Anjou, Touraine, Blesois, Orleanais, Berry, North of the Loire, Loire-Atlanatique, and the Vendee.
