Northern Italy Switzerland for the Holidays?By sheri johnsonMy husband I have been contemplating a trip to Northern Italy for the holidays were interested in the Lombardy regions, by Lake Maggiore Lake Como. This book has helped us to decide in which region we will stay showed us many other ideas attractions in that immediate area. We wanted to spend a few nights in a castle found one from the 14th century that we will book. This book is well written and will help us plan yet another "trip of a lifetime".0 of 0 people found the following review helpful. Pretty goodBy Rob KPretty good guidebook. Could have more detail, but overall very usable and pleasant to read.1 of 1 people found the following review helpful. Northern Italy: best reviewBy Vincent A. PezzulloWhat an excellent review! For someone who has NOT traveled to northern Italy and especially to the places of Milano, Monza, Como, Cremona, Brescia and the other lakes, this book is the BEST! Do not go to northern Italy without this new edition, 2008 November. Plus the "chain" bookstores did not even have a copy until I went through AMAZON to obtain a copy at a reduced price, of course. It was I who informed the "chains" of the new edition. Thank you again, !

The first ever guide to this area gets to grips with Milan, international mecca of fashion and shopping, with its awesome art collections and world-famous La Scala opera house. The economic powerhouse of Italy since the Middle Ages, Milan is today a vibrant, frenetic city and Cadogan's discerning listings seek out the best bars, restaurants and clubs in which to party with the locals. But Lombardy has its gentle side too, and this guide reveals idylls along the shores of the famous Italian Lakes, such as the palms, lemon groves, and castles surrounding Lake Garda, and winds through the Renaissance cities of the Lombard plain. Admire the Gonzaga frescoes of Mantua and visit the refined art city of Bergamo, perched on a promontory on the edge of the Alps. The beauty of the area is illustrated in stunning color photographs, and full travel and practical information will make anyone's stay as dreamy as the scenery.

"'Beautifully written, evocative and informative' - Sunday Times"About the AuthorDana Facaros and Michael Pauls are passionate about Europe and have written over thirty books for Cadogan, including the Italy guide. They have lived all over Europe, but are currently settled in an idyllic farmhouse surrounded by vineyards in the Lot Valley, France.
