Christopher Catling : London: A City Revealed before purchasing it in order to gage whether or not it would be worth my time, and all praised London: A City Revealed:

Elegantly reflecting all this is great about the city, this super photographic collection reveals all of the major locations, accompanied by descriptions and local history. A diverse range of attractions are included, from stylish shops and bustling markets, through to the London Eye and the Tate Modern, and organized by area—North, South, East, West, and Central. Breathtaking double-gatefolds explore such themes as royal pageantry and modern architecture, capturing the essence of this historic location.

About the Author Christopher Catling is the author of many travel guides, including Eyewitness Travel Florence and Tuscany, Fodor's Exploring London, and Insight Pocket Guide Florence.
