You can find Underground maps literally everywhere for free. And for buses, just download an app like Cityplanner, which will give you route and time information, as well as step by step directions to get from point A to point B.0 of 0 people found the following review helpful. Very small print, limited information.By medfailureSo small it is useless. I guess I should have known to stick to my A to Z, but was hoping for a mini central London map, with tube and bus routes that I could read easily. at a glance. This has a tube map, and "selected" busses, but they are not really useful because you can't tell where you will come out.1 of 1 people found the following review helpful. wonderfully designed map was an essential part of our London ...By mail order girlThis tiny, wonderfully designed map was an essential part of our London travels. LOVE it!
