Great Travel BookBy JusherThis is a great guide which is going to help me to save money when traveling to London; I found great tips on it that are valuable and well researched. his one was just as great as the others. London has so many tourist traps and this gives you an unseen view that many don't get to experience. Easy to read and follow. Can't wait for our trip now!You have every thing you need to know about London. I highly recommend!3 of 3 people found the following review helpful. Lets go!By Carmi Van Der MerweGreat guide! It helps you be prepared for the weather, taking care of your health, travel documents and not to mention the guide to all the sites within the city. Also overview on British etiquette. One does not want to offend the locals, but rather respect their country, culture and traditions. Thank you for all the information and related details that you need to know for the different tourist attractions and accommodations. This will definitely be a book to read before and during my trip to London!2 of 2 people found the following review helpful. Very detailed guide for anyone considering traveling to londonBy Jerome RakerThinking about going to London this summer so I figured I would download this book even though I have my travels planned already. My first thought opening the book was that maybe I would get a few tips from reading it but I was surprised on the content despite the short length of the book I was about to get specific details about places to stay.This guide is a perfect detailed plan for anyone considering traveling to London. Tells you where to go, recommends the best locations, and directs you to the proper resource.
