Francis Chichester : London Man before purchasing it in order to gage whether or not it would be worth my time, and all praised London Man:

1 of 1 people found the following review helpful. Don't go to London without it.By Roberts@aota.orgThis is the single guidebook that I carry with me to London. It's a very comprehensive collection of useful, practical information for maneuvering around the city and its attractions. The street guide section alone is worth the price, since its pictorial format easily covers the city neighborhood-by-neighborhood, and the A to Z locator of streets is invaluable. Although published 10 years ago, most of the general information is still applicable. A new, updated edition would be welcome.1 of 1 people found the following review helpful. still a winnerBy A Customerthere is a 1996 edition of London Man that is by far the most compact guide for streets,points of interest, and restaurants. It fits easily into a shirt pocket or purse. The brief reviews of shops and restaurants are pretty accurate, though by no means all-inclusive. Pricey, at 20 pounds, but worth it.
