Pradeep Bhanot : London Nightclub Photo Tour before purchasing it in order to gage whether or not it would be worth my time, and all praised London Nightclub Photo Tour:

A photographic journey through London's top nightclubs as a photographer supporting model agencies, club promoters, covering fashion and beauty events. London, like any other major city is home to hundreds of nightclubs. This tour provides you with the opportunity to sample what makes London clubbing so unique and special.

About the Author I have been a professional photographer for over 30 years in parallel to a technology marketing career. Over this time I have captured hundreds of thousands of high quality images that provide unique insights into a myriad of lives and places. Publishing creates an outlet for creative endeavors that are made to be shared. I live in Berkshire with my dear wife and sons, while working in London.
