The best map I've seen of central London.By Gordon MacMahonA clear, easy to read map of central London.1 of 1 people found the following review helpful. Could have better paper qualityBy Thea ReynoldsThis map's only problem is the paper it is printed on. After just a few times of folding it the folds ripped and luckily I had a roll of tape with me and was able to make the repairs needed to continue use.0 of 0 people found the following review helpful. Great Guide!By CPHClear and concise for walking and using the underground. We used this so much on a recent trip that the creases ripped!
