Allison Keys : London Travel Guide Hotels, Museums, Activities and Much More before purchasing it in order to gage whether or not it would be worth my time, and all praised London Travel Guide Hotels, Museums, Activities and Much More:

0 of 0 people found the following review helpful. A comprehensive guide to LondonBy Denniger BoltonWhen I was a kid, we lived in England and it has been on my list to return for a visit, so when I saw this book, i had to check it out. Now is an excellent time to visit Europe because of the strong Dollar, and London would be in the mix of placed to visit. London, according to the author, Allison Keys, is a megalopolis of ideas, frantic energy and vibrant people and I

didn't realize that it was the biggest city in the European Union. Allison goes quite deeply into getting around in London, whether it's on the Tube, by Black Cab, by rail, bicycle or on foot. There is even a river bus that sounds exciting. I liked how she covered all the Districts in one chapter and the major tourist attractions plus things to do and where to eat. 5 of 5 people found the following review helpful. Great! By Anne My husband and I are planning a trip to London in the fall and I want to make sure we don't miss anything. This guide is very complete--it has lots of info on transportation, dining, attractions, lodging. I feel both prepared and excited for our trip. Thanks for this great resource! 1 of 1 people found the following review helpful. Explored London Beautifully By Tara Miller It is like a Wikipedia page for London in the beginning but with a bit more information. Was a nice experience to go through the history, tourist attractions and other information available in this book. This book serves as a traveling guide for those who want to visit London or even the college or school students can use this for writing a project or composition regarding London. I found it very helpful and definitely recommend for all who wants to know more about London and its atmosphere.
