There are dozens of tucked away "villages" in London, from Columbia Road to Clarendon Cross. These small, locally-known enclaves give the capital its inimitable character. Featuring thirty of the most unique and vibrant neighbourhoods in London, this is your key to exploring the city in a new way. With atmospheric photographs and an illustrated map for each village, a short text sums up its spirit, history and location, before expertly highlighting the best independent shops, markets, caf  s and public spaces to visit.

'You'll never want to go to Oxford Street again.'
