Zora O'Neill : Lonely Planet Amsterdam Encounter (Best Of) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lonely Planet Amsterdam Encounter (Best Of):

0 of 0 people found the following review helpful. Best guides By F. Roy I'm a very big fan of the encounter guides as they offer a good balance of useful information in a very small size guide. Very useful for short stays. I always check first if there is one for the place I'm going to before looking for other options. that would be great to consider providing the same folding map in plastic covered version : it would be much more durable.
