Lonely Planet, Josephine Quintero, Stuart Butler : Lonely Planet Canary Islands (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Canary Islands (Travel Guide):

0 of 0 people found the following review helpful. Five StarsBy LacanaMy son loved it.4 of 4 people found the following review helpful. Not a real Lonely Planet guide (the Kindle edition)By Rashko DorosievBadly organised,

very few text, most of it represents endless lists of sights, museums etc. It is an electronic version but the information is not linked. Example: you read an article on a restaurant and you want to locate it on the map, there is no direct link to the map, so you should go back to the table of contents....1 of 1 people found the following review helpful. Dependable Guide for the Canary IslandsBy AlThis is the first time I purchased a travel guide e-book, and it was an interesting experience. In the end, I'm thinking that maybe it might have been better to have a paper copy that would be easier to thumb through. In any event, this is a very thorough and comprehensive guide to each of the Canary Islands, and we found it invaluable as we drove around Tenerife. Like other Lonely Planet guides, I found this one to be accurate and dependable.

Lonely Planet: The world's leading travel guide publisherLonely Planet Canary Islands is your passport to all the most relevant and up-to-date advice on what to see, what to skip, and what hidden discoveries await you. It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' - Fairfax Media (Australia)

About the AuthorJosephine started travelling with a backpack and guitar in the late '60s. Further travels took her to Kuwait, where she was held hostage during the Iraq invasion. Josephine moved to the relaxed shores of Andalucia, Spain shortly after, but hasn't stayed put for long. She enjoys nothing more than exploring the mainland and beyond, including the Canary Islands, where she has fallen in love with the volcanic landscape and mojo sauce.
