Andrew Stone; Carolyn Bain; Michael Booth; Fran Parnell : Lonely Planet Denmark before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Planet Denmark:

0 of 1 people found the following review helpful. Excellent reference By Brian A. Schar If you're traveling outside Copenhagen, this book is a must. A recent trip to Denmark confirms that much of this book is still useful and up to date. Aarhus, Randers, Kolding and Silkeborg were described well in this book. Even Copenhagen, for which I had a separate book, is addressed pretty well by this guide. This is a typical Lonely Planet effort, which I like; if you like the

LP books, you will like this one, which is useful and accurate. 38 of 40 people found the following review helpful. Tell me something I don't know...By Bill FranklinI have used Lonely Planet guide books in many countries and find them to be the superior guide book for all destinations... in the third world. Lonely Planet falls short in Europe and this book, Lonely Planet Denmark, is no exception. This book reads like a Let's Go travel guide; one doesn't need a guide book to find pizza and kebab shops anywhere in the world, especially in Denmark where they proliferate as cheap eats. What I look for is a guide to the out of the ordinary, as well as the places and food establishments that are unique to the country I'm visiting. This book lacks that depth of research and proved to be little more than unnecessary weight in my luggage. Furthermore, the book is organized differently from previous Lonely Planet books I've owned (including the previous edition of this very book) which made finding information difficult for those of us accustomed to using these guide books. At the same time the revisions added no benefits I could see. I'm still looking for a good guide book publisher for Europe. Any suggestions??

Discover Denmark
Bag yourself a unique accessory from a super-cool boutique on Copenhagen's Nansensgade
Steer your own course from city to coast via hundreds of criss-crossing cycleways
Tuck into a traditional rye smorrebrod and see the humble sandwich in a new light
Get three sheets to the wind on a champagne sunset cruise around fabulous Funen
In This Guide: Full-color chapter on Denmark's hot design scene
New festivals and events calendar shows you what's happening when and where

From the Publisher
Who We Are
At Lonely Planet, we see our job as inspiring and enabling travelers to connect with the world for their own benefit and for the benefit of the world at large. What We Do* We offer travelers the world's richest travel advice, informed by the collective wisdom of over 350 Lonely Planet authors living in 37 countries and fluent in 70 languages.* We are relentless in finding the special, the unique and the different for travellers wherever they are.* We update our guidebooks by visiting thousands of places in person to get the details right and tell it as it is.* We always offer the trusted filter for those who are curious, open minded and independent.* We challenge our growing community of travelers; leading debate and discussion about travel and the world.* We tell it like it is without fear or favor in service of the travelers; not clouded by any other motive.
What We Believe
We believe that travel leads to a deeper cultural understanding and compassion and therefore a better world.
